Good morning Shelly and Mel,

I hope you both are doing well. Last week I connected with EPA's upper management then sent an email to the City of Maquoketa. The email said the TBA program is unable to provide assistance until the removal assessment is completed by EPA's Superfund program. It provides the possibility for the City to resubmit their TBA application. The removal assessment is anticipated to conclude this spring. Now it is official that Gerald Smith is leaving/ left Iowa and Mallory Smith will be interim City Manager. I will let you know if the City resubmits their TBA application.

Have a good day,

Lisa Dunning
